We are pleased to announce our publication of the *2017-2018 Florida Best Practice Psychotherapeutic Medication Guidelines for Adults*.

We convened a panel of national and Florida experts to update the adult guidelines for treating bipolar disorder, major depressive disorder, and schizophrenia.

Meeting presentations included:

- **Bipolar Disorder** - *presented by Roger McIntyre, MD, FRCPC*
- **State-of-the-Art Treatment of Schizophrenia Circa 2017: Targeted Measurement-based, Individualized** - *presented by Rajiv Tandon, MD, DFAPA*
- **The Role of Long-Acting Antipsychotics in the Management of Schizophrenia** - *presented by Christoph Correll, MD*
- **Major Depressive Disorder** - *presented by Roger McIntyre, MD, FRCPC*

To pre-order these guidelines, please contact Sabrina Singh at sabrinasingh@usf.edu.
