

## New Adult Psychotherapeutic Medication Guidelines Coming Soon

The Expert Panel Meeting to Update the Florida Best Practice Psychotherapeutic Medication Guidelines for Adults was held in Tampa, Florida on September 25-26, 2015.

We convened a panel of national and Florida experts to update the adult guidelines for treating schizophrenia, bipolar disorder, and major depressive disorder.

Meeting presentations included:

- ✦ Bipolar Disorder: Increasing Probability for Best Health Outcomes: Roger McIntyre, MD
- ✦ Schizophrenia is a Heterogeneous Syndrome Requiring an Array of Novel Pharmacotherapies: Henry Nasrallah, MD
- ✦ Pharmacological Treatment of Schizophrenia: New Findings & Guidance for Best Practice: Rajiv Tandon, MD
- ✦ Major Depressive Disorder: Where Does the Evidence Take Us: Roger McIntyre, MD
- ✦ Mood Disorders in Pregnancy: Rona Hu, MD
