Disruptive Mood Dysregulation Disorder (DMDD):
Background, Pharmacological and Non-Pharmacological Treatment Options

March 15, 2017, 12:00pm – 1:00pm

Dr. Saundra Stock will review Disruptive Mood Dysregulation Disorder (DMDD) as a new diagnosis in the DSM-5, including: presentation, pharmacological and non-pharmacological treatment options.

At the completion of this activity, participants will be able to:

- List the criteria for DMDD
- Describe the approach to DMDD treatment including prioritizing interventions
- Discuss potential treatment options for DMDD

Speaker: Saundra Stock, M.D.

Saundra Stock, M.D. is a Professor at the University of South Florida in the Department of Psychiatry and Behavioral Neurosciences. She is the Program Director for the Child and Adolescent Psychiatry Residency at USF. Dr. Stock is an active member of the American Academy of Child and Adolescent Psychiatry serving on committees for Quality Issues, Lifelong Learning and Continuing Medical Education.
